

Produktname: 230 V Standard LED Reflector GU10 Flat 37mm 550lm 4,9W 2700K Signal white
Artikelnummer: 29286
EAN-Nummer: 4000870292860
Hersteller: Paulmann

Beschreibungstext:

This warm white GU10 lamp (2700 K) delivers 4.9 W of output and 550 lm, featuring an ultra-flat profile of just 37 mm – perfect for recessed spots in suspended ceilings. It fits all standard GU10 fittings and, thanks to its curved lens, offers enhanced lumen output while maintaining the standard 50 mm diameter. The brightness can be adjusted seamlessly via the dimming function, allowing for personalised lighting. With a service life of 25,000 hours, this lamp ensures long-lasting, reliable performance. A colour rendering index of CRI ≥ 80 produces vivid, natural light hues. Designed with a 36° beam angle, this reflector lamp emits directed light for pendant lights, spots, and spotlights. Overall, this reflector delivers high-quality illumination with optimal brightness and versatile options for accentuating your space. All Paulmann LED light bulbs with the “Eye Friendly” label emit gentle-on-the-eye and attractive light. For working, reading or relaxing, the light bulbs contribute to optimum visual comfort.
