

# Neon Plus

ELC AF/AS

Hellberg Neon Plus is an advanced safety goggle with comfortable and tight-fit frame for long term use. The indirect ventilation in combination with the Anti-Fog and Anti-scratch coating will prevent misting up the lens in harsh environments.

Art no. 25535-001

## Features

### Enhance Light Coating

The combination of the anti-reflective coating and amber lens color enhances light and brings contrast in low level light conditions. Protect against UVA-UVB (99,99%) and has good color recognition. Suitable for Dusk and Dawn situations, Forestry work and Low-Light indoor environments.

### Anti-Scratch Coating

Protects both sides of the lens against surface scratching increasing the lifespan of the eyewear.

### Anti-Fog Coating

Prevents both sides of the lens from fogging or steaming up when exposed to warm humid environments.

### Protection Against Splashes and Particles

Great coverage and seal protecting your eyes against liquid splashes and flying particles.

### Tight-fit Frame for Long Term Use

The soft frame gives a tight and comfortable fit against the face. Perfect for users wearing protection the entire working day.

### Can be worn over prescription glasses

Designed to fit over your prescription glasses with a retained a high protection level.
